50 grandi Widgets per il tuo Blog

di Paolo Franzese

Eccovi un selezione di widget per il vostro blog:

MyBlogLog's Recent Readers – this widget can easily be called a hit amongst blog owners; its popularity even managed to convince Yahoo into buying MyBlogLog. The widget lets you see the avatars of recent visitors to your blog, provided they're also members of MyBlogLog.

Mashable – get the latest social networking news from this very site.

Flickr Flash Photo Stream Badge – display images from your Flickr profile with a handy Flash photo stream.

Preview Anywhere – see a live preview of outgoing links in a small popup which activates on mouseover. Some find this annoying, while others might find it useful.

Twitter Badge – if your life is so interesting that everyone must know what you're up to all the time, then a Twitter badge is the ideal counterpart to your blog. It'll proudly displays your recent tweets.

Digg News – display the latest Digg links on your blog. Themeable and fully customizable.

FEEDJIT – real time traffic data directly in your blog's sidebar.

LineBuzz – inline comments for your blog. Very handy for blogs with frequent lively discussions.

Flixn – display a stream directly from your webcam, so your blog visitors can always see what you're up to.
