Flash CMS

di Paolo Franzese

Sto cercando un gestore di contenuti di siti **FLASH.**

Mi sono imbattuto in questo: http://www.simplecm.fi/

I sui dettagli:

- **FREE TO USE!**
- Editor loads from external flash .swf movie – loads fast, easy to use and doesn’t add file size to your movies!
- Works in all flash versions from > 5.
- Works in all Actionscript versions.
- Editor reads all textareas and writes content to textfiles with included "save" -function.
- Text field content can be toggled between HTML markup and normal text for complete control of your content
- Customizable tooltips for language and usage
- Extended features
- Intuitive WYSIWYG style text editing
- Own memory for loading, saving and storing your content
- Unlimited ‘undo’ and ‘redo’ options
- Fully skinnable! Please ask a source .fla for this via email
- Can be dynamically attached to text fields at runtime
- Direct editing of links

Intanto vi segnalo anche altri links:

- http://flashblocks.com/index.php
