di Paolo Franzese

Hanno modificato imagine di John Lennon pensando al mio sito:

Imagine there's no Explorer; It's easy if you try; No buggy browsers for us; only standards compliance; Imagine all the people; Using png's
Imagine there's no spam; It isn't hard to do; Nothing to disable or block for; did i mention no Explorer too; Imagine all the people; Using high speed internet
You may say that I'm a dreamer; But I'm not the only one; I hope someday you'll join us; And the Web will be as one...
