

Elance per voi Offerte di Lavoro

di Paolo Franzese

The screenshot shows the Elance website interface. At the top, there are navigation links for 'GET SERVICES' and 'PROVIDE SERVICES', along with a 'Sign in or Register' link. Below this is a main navigation bar with tabs for 'HIRE', 'MANAGE', 'PAY', 'EXPLORE', and 'INBOX'. Under 'HIRE', there are sub-links for 'Search', 'Post Job', 'Browse', 'My Jobs', 'My Providers', and 'My Profile'. A secondary navigation bar includes a 'Looking for work?' link. The main content area features a large heading: 'Hire, manage and pay experts to do your work.' To the right of this heading is a 'How Elance Works' link. Below the heading is a 'Find Experts (108,832)' section with a search input field, a dropdown menu for 'All Categories', and a 'Search' button. A 'Get Started' button with the text 'Post Your Job' is also present. Below the search section, there are several category tabs: 'Web & Programming', 'Design & Multimedia', 'Writing & Translation', 'Admin Support', 'Sales & Marketing', 'Finance & Legal', and 'Engineering & IT'. The 'Web & Programming' category is selected, showing a list of professionals with their names, ratings, and skills. To the right of the list is a 'Today on Elance' summary box with the following statistics: 28,606 New Jobs Posted (Last 24 hours), 100,832 Experts (Providers active on Elance), and \$229,789,563 Provider Earnings (For services rendered). A 'How Elance Works' link is at the bottom of the summary box.

Sul mio gruppo per [Web Designers](#) ho trovato questa bellissima risorsa: www.elance.com

Questo il suo slogan: **Hire experts, Manage the work e Pay for results.**

Ma cos'è? è un sito nuovo e molto pratico che promuove l'incontro tra **domanda e offerta** di lavoro, in generale ma predisposto per **informatica e tecnologia**.

Elance gestisce tutto fino al pagamento in modo semplice.

Alcuni dati:

28606 lavori postati

100832 Esperti

\$ 222789772 movimentati

Vi registrate e poi andate in due sezioni: [Get Services](#), per offrire lavoro, o [Provide Services](#), per cercarlo.

Alcune riflessioni fatte da me, quale è la tendenza di internet? Quali lavori cercano?

Ecco i risultati:

Web & Programming → PHP e MySql

Design & Multimedia → Graphic Design e Photoshop

Writing & Translation → English e Article Writing

Admin. Support → Admin assistant e Office Admin

Sales & Marketing → Sales e Marketing Strategy

Finance & Mgt. → Management e Accounting

Legal → Contracts e Legal Research

Engineering & Mfg. → Manufacturing Design e Industrial Engineer
