

# Pagerank list

di Paolo Franzese

## PageRank 10

### Currently 12 domains

Google.com – Google, the most popular Internet search engine, and the one that assigns this PageRank we're rambling on about.

W3.org – World Wide Web Consortium, the organization behind most web specifications like HTML, CSS and so on.

<http://jigsaw.w3.org/css-validator/> (CSS validator)

USA.gov – The U.S. Government's official web portal.

Adobe.com – The main domain is no longer PR10, but these two pages are:

[get.adobe.com/flashplayer/](http://get.adobe.com/flashplayer/) (Adobe Flash Player)

[get.adobe.com/reader/](http://get.adobe.com/reader/) (Adobe PDF Reader)

India.gov.in – Government of India

HHS.gov – United States Department of Health and Human Services

Recovery.gov – U.S Government recovery board

TheEuropeanLibrary.org – The European Library – searches the content of European national libraries.

Europeana.eu – Europeana – “The cultural collections of Europe”.

CNN.com – Cable News Network, American television news channel

Miibeian.gov.cn – Ministry of Information Industry Records in China

AddThis.com – AddThis bookmarking/sharing service – this page is linked to by every page using the system (as StatCounter.com used to be), hence the PR10.

## PageRank 9

### Currently 148 domains

AAAS.org – American Association for the Advancement of Science

ACM.org – Association for Computing Machinery

AltaVista.com – AltaVista, search engine

Amazon.com – Amazon.com, shopping site
