

Thumbnails Preview Slider con jQuery

di Paolo Franzese

The screenshot shows a web page with three separate demo sections for a thumbnail preview slider. Each section contains a small image, a caption, and a set of five small circular navigation buttons below it.

- Demo 1 with small thumbnails:** Shows a small thumbnail of a woman's face, the caption "Demo 1 with small thumbnails:", and five small circular buttons below.
- Demo 2 with medium thumbnails and logo:** Shows a medium-sized thumbnail of a woman's face, the caption "Demo 2 with medium thumbnails and logo", and five small circular buttons below.
- Demo 3 with large thumbnails:** Shows a large thumbnail of a woman's face, the caption "Demo 3 with large thumbnails:", and five small circular buttons below.

Questo tutorial vi mostrerà come creare e utilizzare una miniatura di anteprima con jQuery e Slider.

Utilissimo quando abbiamo una necessità di visualizzare una miniatura insieme allo slider jQuery.
